## Judges Face Opposition In G. O. P. Primary

**Persons, Doolin, Litchfield for Co. Judge; Decker, Mason for Probate**

Both County Judge Perry L. Persons and Probate Judge Martin C. Decker will face opposition in their campaigns for the Republican nomination for re-election at the April 14 primary.

Judge Persons, dean of Lake county office holders, is a veteran of eight successful campaigns for the office he has held for 32 years. The last opposition the judge had was in 1934 primary when Harry Hall, present state attorney, came within a few hundred votes of unseating the veteran jurist. Persons was without Republican opposition in 1938.

His opponents this campaign are Herman C. Litchfield and Paul D. Doolin, both well known Waukegan lawyers.

### Mason Opposes Decker

Charles E. Mason, former state attorney, Monday made an eleventh hour entry into the Republican primary campaign to oppose Judge Martin C. Decker, who has held the Probate judgeship ever since the office was created in 1925. Mason filed his petition just five minutes before the deadline at 5 o'clock Monday.

Judge Decker had no Republican opposition in the 1938 primary, but he had two opponents, Charles E. Jack and John Logan Boyles, in 1934.

### File for Committment

James Stearns, state deputy fire marshal, is a candidate for re-election as Republican committeeman in Antioch precinct 2, and Jack Flanagan, state highway patrolman, is a candidate for committeeman in precinct 1, to succeed C. K. Anderson who has expressed his desire to retire from the post after several years' service.

### Cermak for Probate Clerk

Of interest to local voters is the candidacy of Charles Cermak, Jr., who

## Repair of Machines Important, County Farmers Are Told

Repair of machinery now in use on the farm is an important step toward the attainment of the 1942 agricultural goals, according to Chester A. Faulkner, chairman of the Lake County U. S. War Board.

In connection with the campaign for repair of farm machinery now under way in Lake county, Mr. Faulkner outlined three reasons why immediate action is important:

1. Farmers are being called upon to produce more food and feed crops than ever before, as part of the war effort.

2. An expected shortage of farm labor will make it necessary to do more farm work with machines.

3. Manufacture of new farm machinery has been restricted by the need for critical materials in war industries.

Faced with a shortage of labor and machinery, Mr. Faulkner said, farmers can do much to assure that the record goals for 1942 will be reached by ordering repair parts and reconditioning every available piece of farm machinery while other work on the farm is slack.

## Fire Department Ordinance Revised

Amendment of the original Antioch fire department ordinance, passed 25 years ago was approved by the Village council in a special meeting Friday evening.

The original ordinance provided for eight firemen. The department has a present active membership of about 35, however, and the ordinance is being modified to take into account present day and possible future conditions.

A copy of the revised ordinance is published elsewhere in this issue of the Antioch News.

The possibility of purchasing a new fire engine some time during the coming year was also considered.

The council will meet again Tuesday evening, March 3, its regular meeting night.

Silbrand Bloom, 31, of Zion, who has confessed to setting a number of fires in Zion and vicinity, including that which destroyed the Lucy feed store Oct. 15, has been bound over to the grand jury. A fire set in the home of the Rev. Harold M. Kelley, pastor of the Zion Methodist church and a neighbor of Bloom's led to discovery of the firebug's identity.

## RETIRES

S. H. REEVES

Antioch's oldest business man, a practicing pharmacist for over 62 years and owner of Reeves' drug store for 22 years, will retire March 1 with the sale of the drug store to Mr. and Mrs. George Borovicka.

## Kutil Cited For Long Service as 4-H Club Leader

C. L. Kutil of Antioch is among the 162 men and women who have been cited by J. C. Spitzer, assistant director of agriculture and home economics extension work of the Illinois university college of agriculture, for more than 10 years of voluntary service as 4-H club leaders.

Others in Lake county whom he has also cited are Mrs. LeRoy Kane, Mundelein; Paul Arndt, Lake Zurich; Clarence Sietzinger, Lake Zurich; and Mrs. G. D. Glenn, Garview.

Spitzer stated that this long time service to the boys and girls of Lake county make these people outstanding among the 3,700 local 4-H club leaders who gave Illinois' 4-H club members the benefit of their time and attention last year.

He said, "4-H club work is a character-building enterprise. It is more than the feeding of calves, the baking of cake, or the making of a dress. All of these are worthwhile practices, but they are only the devices local leaders use to help the rural young people of America develop mental and physical leadership."

Appreciation expressed by club members and their parents, the opportunity to meet people, opportunity for personal growth, service to the community, public recognition and general satisfaction for giving the young folk of the nation a chance to develop their abilities are just a few of the rewards which local leaders receive for their contribution of time and attention, Spitzer said.

In the face of the national crisis, leaders may well make their most lasting contribution by helping 4-H boys and girls grow better livestock, plant better gardens, conserve food and clothing and become physically fit. To serve as a local leader of a 4-H club may not be as spectacular as serving in other capacities, but it may be the best contribution one can make to his community and country, Spitzer concluded.

## Blanche Garwood to Be Army Nurse

Miss Blanche Garwood, registered nurse of Detroit, Michigan, who was born and spent a part of her childhood in this vicinity, has passed her physical examination for active duty as a nurse with the U. S. army and is to report for duty on March 2 at Camp Grant, Rockford, Ill.

Miss Garwood is the daughter of Mrs. Victoria Osborn of Traverse City, Mich., and niece of Mrs. Clara Willett of Antioch. She spent several of her early years at the home of her grandfather, Haron Garwood at Channel Lake. She was a cousin of the late Private Francis Byars who was killed in action Jan. 9 at Corregidor, P. I., niece of E. A. Garwood and daughter of Sam J. Garwood of Antioch.

## Girl Scouts Aid Defense

The Girl Scout troop of Antioch is asking residents to save all collapsible tubes of all kinds, such as containers for tooth paste, shaving cream, etc., which they will collect and turn over to national defense. Such containers are practically pure tin which is badly needed in the production of defense materials and of which there is a shortage in this country. Call Antioch 176-1 or 42 and the girl scouts will call for any old tin tubes you may have.

## Borovickas to Assume Reeves Store Ownership

**Former Helen Cribb and Husband to Purchase Business**

Final arrangements are being completed for transfer of the ownership of the Reeves drug store to Mr. and Mrs. George Borovicka. Mrs. Borovicka, the former Miss Helen Cribb, has been associated with S. H. Reeves in the management of the store for the past 20 years.

Details of the transfer will be completed the last of the week, and the new firm will take over on March 1. They plan to retain the Reeves name on the store.

The store will hold a somewhat unusual position for a comparatively small town, in that it will have three registered pharmacists regularly on duty.

Mrs. Borovicka, Miss Edna Drom, who has been employed at the store for the past 15 years, and Mr. Borovicka, who is coming here from Winnetka, where he has been employed in Phalen's drug store, are all registered pharmacists.

### Has Managed Store

Mrs. Borovicka has acted as manager of the store during the illness of Mr. Reeves, which has prevented his active participation in the work of the store for several months.

The romance which culminated in the marriage of Mr. and Mrs. Borovicka on October 2, 1936, began when the couple were students in the University of Illinois College of Pharmacy in Chicago.

Mr. Reeves, who is 82, and was honored by the community on Easter Sunday, 1939, as the oldest active business man in Antioch, will continue to make his home in the apartment in the store building.

Mr. Reeves' health is now somewhat improved, but not sufficiently to permit his resuming the burdens of management of the store.

He has been a practicing pharmacist for more than 60 years. He came to Antioch in 1919 as relief pharmacist for what was then Richards' drug store, and afterward purchased the establishment.

He was in his youth a native of St. Paul, Minn. In 1909 he moved to Chicago, where he lived until he came to Antioch.

He has won the affection of Antioch residents through his general interest in community affairs, his business leadership and especially through his kindness to the school children of Antioch, who for years have looked upon "Daddy" Reeves as their special friend. Throughout the years, children of the first, second and third grades have each Monday received an ice cream cone at the store, and Reeves has also done many other acts of kindness in their behalf.

He has a son, Herbert, who is a successful attorney in California.

### Invitation to California

A series of letters has been received by Mr. Reeves from his son, urging him to "come out and soak up some of that California sunshine." Four years ago Mr. Reeves made a trip to California and enjoyed the climate very much.

His grandson, Herbert, Jr., 19, has been here from California for several months visiting him, but left today to return to Pasadena.

## Fire Destroys Two Wilmet Farm Homes

**Historic Jim Carey Farm House, Edward Jupa Place Burned**

The farmhouse on the Edward Jupa place two miles west of Wilmet, was burned to the ground at 12:45 a. m. Tuesday.

Members of the James Torrey family who occupied the home were roused by the sound of crackling flames and the smoke, and had barely time to escape from the building.

The Wilmet and Twin Lakes fire departments were called, but were unable to save the building, because of the headway the fire had made.

103-Year-Old Place Burns

The Richmond, Spring Grove and Wilmet fire departments endeavored vainly to save the historic farm house on the Jim Carey property, two and one-half miles south of Wilmet Monday at 2:30 o'clock. The interior of the building was badly damaged.

Furniture belonging to the tenant, Lawrence Rudolph, was saved, but the 14-room house was practically a total loss.

The place was first occupied in 1839 by Lewis Hatch, an early settler. It was partly destroyed by fire in 1875, and was re-built in 1878.

## Parade of Candidates

**The Antioch News Reviews Qualifications of Those Who Seek Primary Nominations**

**A PUBLIC OFFICE IS A PUBLIC TRUST**

By H. B. GASTON

(This is a series of articles dealing with the qualifications and careers of those who will seek nominations in the primary elections on April 14, 1942.)

There is no greater American privilege than the right to hold office, and the rendering of public service through the efficient and honest performance of the duties pertaining to an elective office. . . . Some candidates are eminently qualified for the offices they seek, and have, too, a genuine desire to serve. Some who have made politics a career and have regarded public office merely as a means of livelihood, may or may not have qualifications fitting them for the offices they hold, or want to hold. Others, by their official acts, or other conduct, have very definitely forfeited their right to hold public office. In any case voters should be given the facts so that they may vote for the best interests of government, rather than extend tolerance to some candidate who wants to make profit out of politics.)

## Duties of the COUNTY TREASURER

The county treasurer must receive, safely keep, and pay out according to law all public money that may properly come into his hands. He must keep a complete record of the business of his office and the books containing the records are always open to inspection of the public.

### Supervisor of Assessments

In counties under township organization and of less than 125,000 inhabitants, the county treasurer is ex officio supervisor of assessments of taxes in his county. Lake county is in this class.

The treasurer must report to the county board at each of its regular meetings all sums received and paid out by him since his last report. These reports are filed in the county clerk's office, and subject to inspection of the public. Twice each year the county board must make a settlement with the treasurer and count the funds.

### \$5,000,000 Tax Bill

In Lake county the treasurer is collector of taxes. The county tax bill for the last decade has averaged over five million dollars annually.

Two per cent on inheritance serves to increase the earnings of the treasurer's office.

### Aids County Revenue

In point of producing revenue for the county no office is even a close rival to that of county treasurer. In 1941 the office turned over to the county over \$150,000.00.

The treasurer's bond for the handling of county funds is \$300,000, the premium of which is paid by the county, and in addition to this bond he must also furnish a bond of \$300,000 for the handling of state funds.

### Law Is Strict

The county board names depositories for the county funds. Banks holding county funds are not to pay to, withhold for the benefit of, or contract in any manner for the payment to the county treasurer, or to any other person for him, any interest or other fee, or emolument on account of such deposit.

The Illinois statute stipulates that the making of a personal profit or emolument by the treasurer out of any county moneys by loaning, depositing or otherwise using or disposing of the same in any manner whatsoever, shall be deemed a felony and shall be punished by imprisonment in the penitentiary for not less than one or more than ten years.

An amendment to the state constitution was adopted in 1880, providing that no person having once been elected to the office of sheriff or treasurer shall be eligible to the same office for four years after the expiration of the term of office to which he was elected. The salary of the Lake county treasurer is \$4,000 a year. There are no fees which the treasurer receives in return for his services.

## Niels Nielsen Taken to Hospital by Rescue Squad

The Antioch rescue squad received a call to bring an inhabitant to the home of Niels Nielsen, State Line road near Highway 45, Sunday morning at 11:20 o'clock.

Nielsen, who had been ill for some time, suddenly became worse Sunday morning. He rallied sufficiently, however, to make the use of the inhalator unnecessary, and he was removed by the squad to Victory Memorial hospital in Waukegan for treatment.

Dr. D. N. Deering was the physician in charge.

## Fredbeck Lone G. O. P. Entrant for Treasurer

**Chief Deputy Will Make Capable Treasurer, Gar Leaf Says**

"I was really fortunate in having no candidate file against me for the Republican nomination for county treasurer," Gustaf H. Fredbeck told the News today. "Maybe it was because I kept my fingers crossed until five P. M. Monday, the last day for filing," he explained.

Fredbeck, who is chief deputy treasurer, announced his candidacy to succeed Treasurer Gar Leaf early in January. Fredbeck has been connected with the treasurer's office for the past seven years, having first joined the staff there in 1934 as a deputy and bookkeeper. His ability won promotions to cashier and chief deputy treasurer. He was previously associated with the National Envelope division of the U. S. Envelope company for a period of 15 years.

He was born in Waukegan 45 years ago, attended the old South and McAllister grade schools and the Waukegan Township High school. He re-

sides with his wife and two children at 217 Julian street.

Treasurer Gar Leaf, who is prevented by Illinois statute from succeeding himself in office, gives hearty endorsement to Fredbeck's candidacy, he informed the News. He feels that his chief deputy is well qualified by reason of his leadership ability and efficiency, and because of his familiarity with the duties of the office through his work in all of its departments.

### Democratic Entrant

The Democratic entrant for the office of treasurer is Anton Macrowski, Jr., of North Chicago. The News has no information regarding Mr. Macrowski's qualifications for office, except that he is serving acceptably as employee in the office of the secretary of state at Springfield. He is without opposition for the Democratic nomination.

## Aged Man Making 40-Mile Trip on Foot Killed by Car

**John Fuhrer, Former Salem and Lake Villa Resident, Is Victim**

Active until the very last, John Fuhrer, 76, of Zion, Ill., had walked 20 miles to Salem, Wis., Saturday and had already traversed a part of the return journey when he was struck by an automobile on Highway 173 near Ravenglen farm Saturday evening at about 8:45 o'clock.

Leonard D. Schaffner of Antioch, driver of the car, reported that the headlights of a west-bound automobile prevented him from seeing Fuhrer, who was walking on the pavement close to the south edge of the east-bound traffic lane.

Calls for Dr. A. N. Berke of Antioch and the Antioch rescue squad were put in from Ravenglen. A flare to warn approaching traffic pending arrival of the rescue truck was put out by L. O. White of the Gateway station at the intersection of Routes 41 and 173, who came upon the scene immediately after the accident occurred. (Continued on page 8)

## Legion's Annual Military Ball is Successful Affair

**Program and Grand March Highlights of Washington's Birthday Party**

Members of the Antioch American Legion post were well pleased this week with the success of their second annual Washington's birthday military ball, held in the high school gymnasium Saturday evening with nearly 500 persons attending.

Legionnaires in dress uniform, Great Lakes men in their best "blues" and a sprinkling of army uniforms combined with the colorful formals and party frocks of the women to present a gay scene.

Ensign J. A. McGill led a delegation of 35 men from Great Lakes, who attended in a body.

Dancing to the music of Stan Pasucci and his 12-piece orchestra started at 9 and continued until 1 o'clock, with intermissions for entertainment and a brief patriotic program, and for the "Grand March" which was a highlight of the evening.

Commander Gives Greetings  
During the program intermission, Commander Roman Vos extended greetings to distinguished visitors and Army and Navy men who were guests of honor. Thanks for the co-operation of the public were expressed by John Horan, adjutant, on behalf of the committee for the dance.

Vocal selections by Frank West were received with applause. He was accompanied by the orchestra, which also presented entertainment specialties.

Headling the grand march were Lieut. James McMillen, U. S. N. R., and Mrs. McMillen; Ensign McGill and Mrs. McGill; Commander Vos and Mrs. Vos; Frank Harlan, president of the American Legion auxiliary; Charles Prizer of Lake Bluff, district Legion commander, and Mrs. Prizer; Arch Bowen, Lake Bluff, district adjutant, and Mrs. Bowen; Jack Meyer, Waukegan, chef de gare, Lake county 40 et 8; Mrs. W. W. Ward, chapeau, Lake county 8 et 40; and army and navy men and their partners.

Sandwiches, coffee and other refreshments were served in the cafeteria during the evening by a committee of Legion auxiliary members.

On the general committee for the dance were L. C. Heath, Floyd Horton, James Caple, Vos and Horan.

## Atkinson Urges Co-operation for Traffic Safety

**War Conditions Increase Highway Hazards, Lions Told**

Drivers of military equipment are not bound by the Illinois law which gives the person on your right the right-of-way at an intersection, and persons from other states may not know it. Chief Deputy Sheriff Walter Atkinson warned members of the Antioch Lions club in a talk on the increase in highway traffic hazards due to war conditions.

The talk followed a dinner at Soper's Spa.

Atkinson attended a conference of representatives of all sheriff's offices in the Chicago district Monday in the offices of the Federal Bureau of Investigation in Chicago.

It was pointed out in the conference, he said, that the movement of military equipment and munitions will increase traffic hazards during the war, and the protection of both military and civilian traffic against accidents was discussed.

Atkinson urged that the general public co-operate with sheriff's departments by the full observance of stop signs at intersections, and by using extra care in the operation of automobiles and trucks.

## City Briefs

June Spanggaard, Don Heath, Nancy Ellis and Albert Kumpfer are representing Antioch Grade school at a Lake County Junior Red Cross meeting this afternoon at McAllister school in Waukegan. A representative of the Antioch Girl Scouts is also attending. Miss Aylene Wilson accompanied them to Waukegan.

Classes in parliamentary procedure which R. E. Chabough has been conducting under the auspices of the Lake County Council of Parents and Teachers held their final meeting Wednesday evening at Round Lake. Sixteen persons completed the course.

## There'll Be Some Changes Made

What does the war mean to you? How will it change your life? No one can look into a crystal ball and see reflected there the days and months ahead. Yet certain facts are clear, and clear enough, to outline the future for us.

Rubber and sugar are being rationed now; tin cans are getting scarce. Industry has stopped turning out automobiles to speed up plane production. In the golden dreamland of plenty that is America such shortages have been rare within the memories of most of us. We've been a prodigal people, secure in our industrial skill and superiority.

Now that the war years are upon us, the dreamland is bound to change. Civilian sacrifices are just beginning to march toward us over the horizon. Many more will follow. We've got to face that fact. We'll have to change our lives in drastic ways to win this war.

The majority of Americans already realize this. A recent public opinion poll indicates that more than three-quarters of them favor a 50 hour work week to help industry speed up its output of weapons beyond its present high levels. More than three-quarters of them are in favor of forbidding defense strikes for the duration of the emergency.

And that's only one field where changes may be made. We're in for difficult days ahead. We're going to have to give up many luxuries until the war is over. The sooner all of us realize that, the sooner we'll be able to turn defeat into victory.

## Necessity Is the Mother

Rabbits pulled out of a hat—that's what magic means to many people. But here in America today there's a better kind of magic.

There's magic in the speed with which our industries are tackling the hard, grim task of winning victory—magic, yes and a great deal more than magic. The success stories of swiftly rising production are often spec-

tacular, but behind the glamor there are plenty of tales of plain, hard work and the kind of determination to succeed that made America, and made it great.

Recently another such story came to light. American mining engineers have developed a new process to produce valuable metals from ore that used to be worthless, and they use those metals to make vitally needed chromium and aluminum. In that way they help to offset the shortage caused by the reduction of imports since the war.

Valuable as it may be, that process is only one contribution that the mining industry is making to our war effort. Other mining operations are being stepped up, too—operations that are not profitable in normal times because labor costs are so high.

To lick the Axis we've got to use all our resources to the hilt—step up operations all along the line. And that means we've all got to work harder and do our jobs better than ever before. That's one way we can all help out in the sober days ahead.

## Plenty for All

In a joint announcement, Secretary of Agriculture Wickard and Price Administrator Henderson said that food stocks in this country are abundant, and that there is no need or justification for hoarding or abnormal buying.

Consumers should remember that "Scare buying" is one of the surest ways to produce price inflation. Temporary shortages are created as demand runs far ahead of supply.

The retail industry has been and is doing a magnificent job in the consumers' interest. Tens of thousands of stores, operated by both chain systems and independent merchants, are pursuing an aggressive, purposeful "price control" program of their own and are saving the public untold millions of dollars by preventing price increases that would otherwise take place.

One of the most important elements in this program is wise buying. Stores are keeping inventories at reasonable levels, instead of rushing in and building up stocks to an abnormal extent. They are buying at the most favorable season, when prices are advantageous. They are doing everything in their power to maintain orderly markets.

What the stores do on a big scale, all consumers should do on a small scale. War will cause us all to forego many a luxury, but there will be plenty of necessities to go around. An intelligent, calm public is essential to workable price control of any kind.

## LAKE VILLA

Lake Villa Community Church  
Methodist—W. A. MacArthur, Pastor  
Sunday School—10 A. M.  
Worship Service—11 A. M.  
Evening Service—7:30 P. M.

For the Sunday evening up to Easter, there will be service at 7:30 with special music and colored choral illustrated sermons. On Friday evening, Feb. 27, another one of the family fellowship suppers will be held, pot luck, served cafeteria style at 6:30, and a program follows at 7:30. The speaker for this week will be the Rev. R. T. De Salas of Sussex, Wis., a former pastor here. All are welcome.

The February committee of Ladies Aid served a dinner for the Lions club at the church on Tuesday evening.

Mrs. Lloyd Barnstable, who has been a patient at the Lake county tuberculosis sanatorium near Waukegan for several weeks, was able to return home last Sunday for the day, and is greatly improved.

Mrs. and Mrs. Van Buren, who lived in the B. that lives on Grand avenue, have moved to Antioch, and the Bert Gagner is the new owner in their room.

The Royal Canadian Citizens club held a party at the home of Mrs. Fred Hamlin last Thursday, and two tables of cards and games were played. Refreshments were served by Mrs. Hamlin, assisted by Mrs. Swenson.

Mrs. M. G. Kell, a member of the city club, is at Carroll college, Waukegan, with the group which broadcast over WPMI at Milwaukee on Sunday, Feb. 15, and about two weeks later the group will join with the Westchester choir at Madison, Wis., in a concert.

Mr. and Mrs. Frank Hamlin and Mrs. Ballenger drove to Rockford Sunday to visit their aunt, Mrs. Daisy Hamlin and family.

Mr. and Mrs. William Walker left last Thursday to visit their son, William Walker, Jr., who is stationed at Wichita Falls in Texas.

Mrs. Harry Olson left last week to join her husband, Capt. Harry Olson, at Camp Wallace, near Galveston, Texas.

Leonard Armstrong was a surgical patient at St. Theresa hospital during the past ten days, and Mrs. John Effinger was a medical patient at Victory Memorial hospital for a few days last week.

Mrs. Carl Elsdahl is in the Burlington hospital recovering from a zoster operation performed last Saturday and is recovering as rapidly as could be expected.

The Ladies Aid society will meet on Wednesday afternoon, March 4, at the parsonage with Mrs. MacArthur and visitors are very welcome.

The Rev. and Mrs. MacArthur, Mr. and Mrs. Hent, Ray Thompson of Alton, and Mr. and Mrs. Lester Hamlin attended a Scout dinner and meeting at Highland Park on Monday evening.

Mr. and Mrs. Russell Nickerson and Ronald visited relatives near Geneva, Ill., last Saturday and Sunday.

The P. T. A. will hold a public card and luncheon party at the school gymnasium on Tuesday afternoon, March 3. Plenty of refreshments and prizes; one prize will be a hand made crocheted chair set.

Mr. and Mrs. Clara Sherwood and Mr. and Mrs. Howard Wilton have returned from several weeks' stay in the south.

## Cheesy Newspaper

A newspaper printed on cheese was published in Gouda, Holland, about 1840. Since the cheese could be eaten, the Dutch readers were said to be in the habit of "swallowing anything."

## HICKORY

Mrs. Charles Griffin visited a few days of last week with relatives in Sandwich, Ill.  
Neis Nielsen, Sr. has been a medical patient in Victory Memorial hospital in Waukegan since Sunday.  
Miss Caryl Tillotson, who is em-

ployed in a knitting factory in Rockford, Ill., was home over the week-end.  
Mr. and Mrs. H. A. Tillotson and Mrs. Caryl were dinner guests at the home of Mr. and Mrs. Joe White at Harvard last Friday.

Emmett King spent Saturday in Woodstock. Mrs. King and Miss Grace visited Mrs. G. A. Lange in Hebron.

## Farm Defense Board Says Order Repair Parts Now

This farmer is ordering his repair parts now, thereby making sure that his farm equipment will be in top shape for seeding and harvesting. The County USDA Defense Board says it is highly important that all farmers do this. Last minute repairs may not be possible due to shortages. Secretary of Agriculture Claude R. Wickard has declared that it is every farmer's patriotic duty to have his machinery in best possible condition in 1942 for production of victory foods. "Check over your old machinery and order necessary parts from your dealer," he advises. "If parts cannot be obtained, notify your County USDA Defense Board."

## Attention, Farmers...

## Order Repair Parts NOW!

Farmers are urged to check up on the machinery and tools they will need this season and order repair parts now. Avoid the spring rush and possible delay in getting needed parts for your machinery.

JUST NOW we have on hand a rather complete stock of parts allotted to us on the basis of demand during the past two years. When this stock is exhausted parts may be extremely hard to get. By placing your orders now for immediate or future delivery, you will aid us and our customers by enabling us to place our orders for an additional quota of parts.

## Spring Conditioning that's

## TAILORED TO YOUR CAR!

Come in Now for a FREE Inspection by Authorized Factory-Trained Mechanics that Will Show Exactly what Attention YOUR Car Needs.

WANT LONGER TIRE LIFE? When switching tires, do you remember the spare? If you'll let us switch your tires, marking the spare in where it can best be used, each tire out of the five you have will be on the road only four-fifths as much as usual. Net result: longer life from the same full set.

GOOD BRAKES MEAN SAFETY PLUS. Brakes ought to be kept in proper adjustment for safety reasons alone. Beyond that, brakes that are "out" can also result in unnecessarily increased tire wear. For best results, let Buick men adjust your Buick brakes to Buick factory specifications.

LICK-AND-A-PROMISE spring conditioning won't do this year, mister!

You've got something more important to think about than just changing oil and grease — you've got a whole car that will have to see you through the duration, and you can't afford to overlook any part of it.

That's why Buick spring service is tailored to your own particular car.

We change oil and grease in the regular way, of course — we check batteries, cooling systems, wheel alignment and other routine matters.

Your whole car lasts longer when it is conditioned as a unit — especially when trained Buick specialists do the job.

So we write your spring conditioning ticket to fit your car's needs — not to make up a ready-made "package" according to average requirements.

The cost is no higher than for a comparably good job anywhere else. It's actually lower in the long run, because it pays to have a job done right.

Drop in for a FREE check-up by our authorized factory-trained mechanics and let us detail the service your car should have this spring.

## IMPROVED UNIFORM INTERNATIONAL SUNDAY SCHOOL Lesson

By HAROLD L. LUNDQUIST, D. D.  
Of The Moody Bible Institute of Chicago.  
Released by Western Newspaper Union.

### Lesson for March 1

Lesson subjects and Scripture texts selected and copyrighted by International Council of Religious Education, used by permission.

#### THE PARABLES BY THE SEA

LESSON TEXT—Mark 4:26-32; Matthew 13:44-50.  
GOLDEN TEXT—Never man spake like this man.—John 7:46.

Parables as a means of conveying truth reached perfection in the hands of the Master Teacher, Jesus. Taking short stories of well-known events or facts from daily life, He presented profound truth in the most simple and attractive form.

Except for the parable of the four kinds of seed which He interpreted (Matt. 13:18-23), He left it to His listeners to make their own application. This has led to some difference of opinion; but in general the parables are received as excellent and helpful portions of God's Word.

In the two passages of Scripture assigned for our lesson, we have five parables, each with a distinctive message, yet together pointing out that there is a time of growth leading to harvest and judgment, and that our gracious God has at great cost provided a way of redemption.

#### I. Normal Growth Is Blessed (Mark 4:26-29).

God is patient. He awaits the normal, healthy, steady growth of the seed. Man is so impatient he must have forced growth, artificial stimulation, and even artificial ripening of the fruit.

The same attitude enters into his care of his children. They must get ahead in school beyond their years. Do they must get out and make a living long years before they have learned to make a life. Why not let them mature in the orderly, God-given way?

The same is true in the work of the church. There must be immediate "tangible" results or he will not give his support. Anyone with judgment knows that spiritual life takes time to develop, and that spiritual results cannot be judged by physical or tangible standards.

Seedtime, growing time, normal ripening, then harvest—that is God's order and it is a good one.

#### II. Abnormal Growth Is Dangerous (Mark 4:30-32).

Normally the mustard tree is a small plant, and when it grew into a great tree something abnormal had taken place. Birds (which always denote something unusual in Scripture) came to lodge in its branches.

Just so, Christianity was never intended to be made up of a nominally Christian world empire in which ungodly men (the dark birds of the evil one, Matt. 13:19) should find comfortable lodgment. Unfortunately, that is just what happened to Christianity in the so-called conquest of the Roman empire at the time of Constantine. The results were disastrous. The same principle is evident today in the control of much of the church by worldly men.

#### III. Redemption Is Costly (Matt. 13:44-46).

While it is true that our redemption is worth more than anything else in all the world and that the Christian would gladly set aside (or would he?) everything for Christ's sake, yet that does not fulfill the thought of this parable. After all, what has a sinner (whose own righteousness is described in Scripture as "filthy rags") to sell in order to obtain redemption? And is it for sale? (See Eph. 2:8.)

Obviously we have here the Saviour with His all-seeing eye and loving heart noting in fallen humanity the pearl of great price, His own Church. He then gives up all the glory He had with the Father, comes to the earth, and even becomes sin for us that He may bring us to God.

Salvation in Christ is no little thing, not something which was purchased with gold or silver, but with the precious blood of Christ. We ought to value it highly, and because we are bought with a price we ought always to glorify God (1 Cor. 6:20).

#### IV. Judgment Is Certain (Matt. 13:47-50).

All kinds of fish were in the net, and until the cord was drawn and the net emptied they looked much alike and enjoyed much the same standing as "citizens" of the sea. But when they faced the fisherman there was a quick division, and a final judgment upon the bad ones.

It is true that in God's kingdom (as it is now manifested in "mystery" in the Church) there are many who have come in by false profession, through carelessness of pastors or church officials, etc. They go through the motions, they look and act much like Christians (although even here they create questions in the minds of true followers of Christ). The day is coming, however, when they shall stand in judgment before the Christ whom they profess to love and follow. How terrible shall be their doom!

They need not wait in fear for that day. They may now, today, make right their relationship with God.

By L. L. STEVENSON

Kathleen Howard, who has the humor of other grand dames of the screen without the acidity, declared during a recent New York visit that for years she has been wondering why she is always being cast as a brittle, forbidding old lady.

"Imagine anyone wanting to be a shrewish wife to W. C. Fields!" she exploded. "Well, I had to do that three times." Miss Howard's lady-like voice registered shock and her turquoise snood shook as with indignation that her gray curls fell loose from their mooring. "Really I don't feel a bit vile and you can tell by one look at me that I could not carry out a threat if I wanted to. But I've been the villainess in so many movies, including the prim, hateful housekeeper in 'Ball of Fire,' that the fans are writing in and asking if I'm secretly married to Frankenstein in private life."

Actually, the reluctant villainess is not married to anyone in private life. Instead, she lives pretty much alone—except for visits from brothers and sisters—just outside Hollywood which she regards as Valhalla on earth. Her abundant love for her fellowman, which has never been given a chance to show itself on the screen, is pretty well distributed among all professions and types. But the electricians and the prop men on the sets are her private discovery.

"They live in a world of their own," she explained, "and they know more about every little place in your face than the most observing painter or other artist. They know when wrong lighting will make you look grotesque, insipid or just plain dull. Of course, in my case, they've never had occasion to dwell on the beautiful. But when they do, I'll have fun because I know they'll treat me right."

Experience: When "Best Foot Forward," the George Abbott musical in which just about all the players are juveniles, opened, Joan Edwards had only one criticism—the situation in which Rosemary Lane's gown is torn off by over-enthusiastic autograph hounds. Such a thing just couldn't happen, she averred. Miss Edwards has changed her mind. Accompanied by Jimmy Dorsey, she made a guest appearance at a high school dance near Paterson, N. J. And it was a lucky thing indeed for Miss Edwards that Dorsey had a spare overcoat with him. Not only did she lose her dress, but her sport coat as well in the rush of boys and girls eager to get free autographed phonograph records.

Around the Town: Mervyn LeRoy at the Avenue restaurant with a cigar T-I-I-A-T long in his mouth. Wendell Wilkie's felt bonnet floating across the Rockefeller Plaza ice rink with three skating cuties in hot pursuit. A young Indian princess walking down Fifth avenue barefooted and passing Jean Tyler who is swathed in furs. Lewis E. Lawes, former warden of Sing Sing, and William S. Hart at a Leone table. Hart, one of the few white men who speak the Sioux language, telling tales of Pancho Villa. Lawes countering with stories of Sing Sing inmates. Ray Bolger, of the rubber legs, hopping nimbly over the Roosevelt hotel dance floor.

More: Doris Duke Cromwell in the Cafe Louis XIV, taking macadamia nuts from her purse and munching them instead of dessert. Ronald Colman departing from the Russian Tea Room unnoticed by autograph hounds because his gray hair really changes his appearance. The "For Rent" sign over the Army and Navy club on West Forty-fourth street. A peanut vendor at Seventh avenue and Fifty-seventh street feeding his wares to pigeons and at the same time, reading a Broadway column.

This & That Dep't: A liquor shop in the swank Sutton Place neighborhood includes a card with each bottle of firewater which bears the dotted outline of a pink elephant and the inscription, "If you can't trace this figure, better stop drinking." Tamara Toumanova, beautiful ballerina, is reading A. J. Cronin's "Keys to the Kingdom." She has been tipped off that she is being considered for the role of one of the nuns in the screen version of the novel. Buy United States Defense stamps and bonds. (Holt Syndicate—WNU Service.)

#### Reds Get Box of Iron Crosses and Big Laugh

NEW YORK.—The British radio quoted a correspondent of Tass, Russian news agency, as reporting that among the German booty taken in the Russian counteroffensive was a box of iron crosses, second class, which bore the tag:

"To be handed out for the capture of Moscow."

## About the appliances we advertise nowadays

The appliances we are now advertising are limited to those we have on hand, or those that are made available without interference with war production.

They have all been selected because their normal operation in the home comes at a time of day when our electrical facilities are more than adequate to meet present power requirements for both war production and civilian use.

Furthermore, we believe that their use in most cases will conserve energy and tend to release home labor for helpful wartime activities.

## See these electric aids in a range of styles and prices

You can get the electric appliances you've been needing, and with several styles to choose from, too! Note these values:

We see by the papers where Alfred B. Miller of McHenry, a patient at the Fort Sheridan hospital for several weeks, has been released and returned to his army duties in Texas. Mr. Miller suffered a loss of a finger in a hunting accident while on a furlough in the home of his parents, Mr. and Mrs. Peter Miller, early in January.

Going back to the Army where it's safer, we presume.

We see where the head-hunting Igorots of the Philippines have joined in with MacArthur's forces. Seems like even the supposedly backward people of remote countries have lots more faith in Uncle Sam's doings than in Axis promises.

The Japanese have been itching to get their hands on the Philippines for a long time, and maybe figured it was safe to make a grab for them when Uncle Sam was looking the other way. What they forgot was that he might not keep on looking the other way.

We see where the Russians figure the Germans are about due to hit the skids. If they do, that's sure, gonna leave the Nipponese out on a limb.

No doubt the Japs figured they were taking some risks when they started out. But it's our guess they figured they could bluff the U. S. . . . They shoulda read history. In fact, they shoulda known if they were gonna take a bite out of the other guy, he'd be apt to turn around and bite back.

Spring must be on the way, even though remotely, judging by the building hopes of political candidates.

Since we mentioned Mrs. George Garland's button collection last week, we've been hearing about some more. Miss Theo Smith was in the other day and told us she's been following that hobby since last June, when an injury to her arm made it impossible to sew or crochet. Miss Smith is a sister of Miss Alice Smith, formerly on the teaching staff at Antioch Township High school. They live on Ida avenue.

If Rudolph Hess had flown to the United States instead of Scotland he would have had a good job in Hollywood by this time.

One of our cynical married friends says he didn't know his wife had a sense of humor until he saw her new spring hat.

We keep swearing off on putting in any more of those goofy items we read in the papers, but we just can't help it.

Austin, Tex. (UP)—During a blackout test, Radio Patrolman Harold Campbell messaged police headquarters over his shortwave radio:

"There's a lady out here on Allen st. who won't put out her lights."

"Why?" cried the dispatcher.

"She says she's scared," Campbell answered.

Police Chief R. D. Thorp listened in on the call.

"Tell him," he ordered, "to turn out those lights and stay with her until it's over."

Campbell took over from there and Austin's blackout was 100 per cent.

It's about time we turned this war over to the Army and Navy to handle (and don't think they can't do it, either!) and got down to work backing them up to the best of our ability. It's also about time for people to quit

passing the buck for the blame for anything that's happened, and get busy seeing that things go the way they should. Court martialing a couple of officers isn't going to do ANYBODY any good. Put 'em back to work where they belong. We're all to blame. Why make one or two persons the goat? Action, and not re-remuneration, will make all of us a darn sight more useful.

As a couple of wise and witty colonial leaders observed back in the trying days of the American Revolution—"Well, gentlemen, now we must all hang together—for if we don't, we shall assuredly hang separately."

## French War Prisoners Work In German Factories And in Fields.

NEW YORK.—More than a million and a half French prisoners of war, informed French circles report, still wait impatiently for release from behind barbed wire barriers in camps scattered from the Rhineland to central Poland. Most of them are working in German factories—both civilian and military—or in the fields from which the Reich supplies its armies with food. Some of them, they say themselves in letters to the folks at home, are earning more money than they formerly did in civil life in France. Nearly all of them, judging from a cross section of their letters, are living only for one day—the day when they can go home to their country and their families. Many of them have not seen their wives or children since early in 1940, when French army leaves were cancelled or postponed prior to the German attack which resulted in France's defeat.

Sources close to Georges Scapini, French ambassador to Berlin, charged with negotiating for prisoners' welfare, have estimated the total number of released prisoners at "not more than 100,000."

However, one of Scapini's assistants, in private conversation recently, said this figure "could be cut in half without materially upsetting the truth of what's already happened."

Get Severe Setbacks. Scapini's organization, it has become known in political circles, suffered a severe setback in its negotiations with the Germans after Admiral Francois Darlan's conference with Adolf Hitler at Berchtesgaden the middle of last May.

Darlan came back to Paris and Vichy, these sources assert, and "talked too much." He said then that the Germans had agreed to negotiate the release of about 200,000 French prisoners. As it later turned out—and is still true today—what German officials gave Darlan to understand was that they would consider favorably conversations pointing toward negotiations to release that number of men.

The difference is subtle—but when Darlan made a public statement, the French took it for granted that soon 200,000 of their men were coming home. "An immense number of letters flowed into Scapini's office asking for information about what classes might be included in the new contingent, what procedure would be followed, and how certain specific prisoners could obtain their release papers."

Special Classes Released. Up to the present time, Vichy reports, the only actual classes which have returned home are the veterans of the World war and those men who have families of four or more children or who have had near relatives, such as a father or a brother, killed in action. Some individual prisoners also have gained their freedom because of wounds or illness.

Scapini, a World war veteran with an almost 100 per cent disability rating, works tirelessly for what he calls "My Youngsters."

Scapini, totally blind, crippled and in need of constant attendance, also has a nervous disorder which prevents him from sleeping.

Scapini's mail reads like spinster's letters to an "Advice to the Lovelorn" columnist. A mother wants Jean, head of a fatherless family, released so he can go back to his job in the town bakery, but cannot supply proof that there still is a job for him if he returns.

The wife of a high French officer writes in to seek the release of a nephew, whose wife is going to have a baby and adds: "It has been the custom in our family for several hundred years that the father must be present when any child is born."

## Sunshine Declared to Be Needed for Measles

KANSAS CITY, MO.—The idea of keeping Junior in the dark when he has the measles is just an "old-fashioned bugaboo," according to Miss Eleanor W. Mumford, a nurse associated with the National Society for the Prevention of Blindness. Miss Mumford conducted a clinic for school and public health department nurses here.

"Sunshine is essential to health," Miss Mumford said, "and children who are recovering from the measles need the benefit of the sun as much as anyone else."

However, she warned that eyes of children recovering from the measles are generally weak and it is frequently advisable for them to wear dark glasses.

## California Doctors to Study the Common Cold

SAN FRANCISCO.—A comprehensive effort to determine what causes the common cold has been started by the University of California medical school. Ten research doctors will collaborate two years on the problem in the hope of finding a solution.

Whether the weather has anything to do with causing colds, will be one of the first problems tackled by the medical school.

45 YEARS AGO  
In the Antioch News  
February, 1897

The Epworth League has arranged a Denorest Medal contest for young ladies, to be held at the Methodist church on Friday evening, March 19.

Mrs. Harry Osmond, nee Ida James, visited her parents and other Antioch relatives and friends Tuesday. Mr. and Mrs. Osmond have moved to the J. C. James farm in West Antioch and have thus become residents of this town.

Measles and mumps have diminished school attendance during the last week. "The Ever Ready Two-Step" and the "Dorothy Waltzes" are popular at the present time with leading dance orchestras in the United States and Canada.

Waukegan was included in a list of cities published in the Chicago papers Saturday night in which there are, at present, no regularly appointed postmasters and to which postmasters will be appointed immediately by President McKinley.

39 YEARS AGO  
Feb. 26, 1903

The naval appropriation bill which has passed the House provides for three new battle ships, one armored cruiser, two steel training ships, and one wooden brig. The bill further places \$500,000 at the disposal of the secretary of the navy for the investigation of the subject of submarine boats and the purchase as the sum appropriated will permit.

Ward Rowbottom of Bristol took in the dance at Russell Friday evening.

On Thursday last a fire occurred at Allendale Farm, at Lake Villa, which resulted in the entire destruction of Heflerose Cottage, with loss amounting to \$1800. This is very unfortunate, for this institution is doing a good work to educate boys.

Cole Younger, after visiting Frank James at Independence, Mo., emphatically declared no play bearing his name will be allowed to appear.

Last Friday Mrs. James Gerred entertained a few of her friends at a "rag bee."

23 YEARS AGO  
February 27, 1919  
"Love thy enemy but shoot first" is the motto of Monroe Salisbury in

"Winner Take All," showing at the Majestic theater.

Miss Addie Schaffer will hold the spring opening of her millinery store on Monday of next week.

A box social will be held at Hickory church Saturday evening. The Rosecrans band will furnish music.

Lake county stands eighth in Illinois in the sale of war savings stamps for the month of January, 1919.

## MILLBURN

Mr. and Mrs. Gus Hedstrom and sons, and Mrs. Fred Becker of Kenosha, Mr. and Mrs. Lawrence Larsen, Mr. and Mrs. Charles Holdridge, Mr. and Mrs. Robert Bohn, and Mr. and Mrs. Edward Thiele of Waukegan were supper guests at the Lewis Bauman on Sunday evening.

The Millburn Ladies Aid society will serve dinner in the church basement on Thursday March 5. The dinner will be served by the ladies committee with Mrs. Eric Anderson as chairman assisted by Mrs. Scott Miller, Mrs. Clifford Weber, Mrs. Daisy Webb, Mrs. Hannah Wells and Mrs. Latham.

The P. T. A. is sponsoring a card party at the school house on Friday evening, February 27, 1942.

Mrs. E. W. King recently attended a conference of the International Council of Religious Education at the Stevens Hotel and Chicago Woman's club and will give a report of this conference Sunday morning, March 1, during the Sunday School hour at 10 o'clock.

Mrs. Nellie Murrie of Russell spent Saturday afternoon at the Gordon Bonner home.

Mr. and Mrs. H. M. Herrick spent the week-end in Winona, Ill., visiting at the homes of Mr. and Mrs. Frank Shapley and Mr. and Mrs. Lloyd Parks. Their daughter, Miss Billie Herrick who is a student at Normal, Ill., also spent the week-end at Winona.

Mrs. Victor Strang is spending this week with her sister-in-law, Mrs. Harlan Fairchild and family in Urbana, Ill. Mr. and Mrs. Howard Petty of Urbana, Ill., are spending several days at the L. S. Bonner home.

Mr. and Mrs. J. S. Denman are receiving congratulations on the birth of their second granddaughter, Barbara

Lois, born to Mr. and Mrs. Earl Kane, Jr., of Diamond Lake, at the Condell Memorial hospital on Thursday, Feb. 19, 1942. Donna Kane is spending some time with her grandparents.

Twenty young people attended a pot-luck supper at the church on Sunday evening, which preceded the Lenten worship service.

Hickory Unit of Home Bureau and Millburn Maidens 4-11 club delivered fifty-two dozen cookies for the cookie jar at the U. S. O. Building in Waukegan for the week of February 23rd.

The Rev. A. T. Rasmussen preached the first of a series of Lenten sermons on Sunday morning. Everyone is urged to attend the Sunday morning worship at 11 o'clock and hear Rev. Rasmussen who will be the regular pastor at Millburn for several months.

Mr. and Mrs. Frederick Kirchmeyer and son, Bill, of Waukegan spent the week-end with Mr. Herrick, Sr., while the H. M. Herricks were in Winona, Illinois.

Mr. and Mrs. Frank Edwards spent Thursday evening at the John Edwards home in Waukegan.

Mrs. Raymond Hauser is ill with influenza.

## WILMOT

The Wilmot Fire Department is sponsoring a card party to be given on Saturday evening, 8:00 o'clock at the gymnasium. Five hundred, bridge and pinocle will be played and lunch will be served.

Wilmot Resident Taken by Death  
Henry Brinkman, 77 years old, and a well known resident of the village of Wilmot, died at his home at an early hour on Wednesday morning following a long illness.

He was born in Mecklenburg-Schwerin, Germany, on March 23, 1864, the son of the late Mr. and Mrs. Martin Brinkman. He spent his early life and was educated in his native land coming to America on Nov. 11, 1887. He resided in Burlington, Wis., for a short time, then moving to Kenosha county, where he engaged in farming for many years. In 1919 he moved to the village of Wilmot where he has made his home since that time.

On Dec. 6, 1887, he was united in marriage to Miss Pauline Genetz at Burlington, Wis. He was a member of the Peace Evangelical Lutheran church at Wilmot.

Services were held at the Lutheran church on Saturday and interment followed in the family plot in the Wilmot cemetery.

Mr. and Mrs. M. M. Schnurr and family spent the week-end at Milwaukee. Mrs. Ida Schnurr, accompanied them to Milwaukee from where she returned to her home at West Benr, after spending several days with her son and family here.

Dick Carey purchased one of the small buildings from the Methodist property, which will later be moved to the Carey estate.

Miss Joyce Newell was a recent guest at the home of Miss Dorothy Berholz at Twin Lakes.

Mr. and Mrs. Warren Behrens and daughters spent one day recently with Mr. and Mrs. Henry Mehrens at Menango.

## SEQUOIT NEWS

Edited by Students of Antioch Township High School

### New Books Are Received by High School Library

(By Rosalie Sibley)  
The library of the Antioch Township High School has received 16 new books.  
"Dragon Seed," a novel of the occupied regions of China today, by Pearl Buck; "Windswept," a novel set on the coast of Maine, about the past and present of America, by Mary Ellen Chase; and "The Doctors Mayo," the warm and human story of the remarkable men whose lives span a century of medicine, and of the world-renowned institution they built, by Clapnettle, are three of the most interesting books.

Others are "Fighting Ships of the U. S. A." about the United States fleet, Navy life, Marines, and the Coast Guard, by Blakeslee; "What's New in the Air Corps," close-ups of the latest equipment of the corps, by Sears; and "War in Air," about fighting planes and pilots in action, by Walker.

The library has also received: "The Gray Room" by Phillips, which gives the answer to the question, "How could five people including Scotland Yard's Number One detective, meet mysterious deaths in the gray room and yet bear no mark of what had struck them down?"

"Time Out of Mind," by Field, about a ship-building family on the coast of Maine; and "Jamaica Inn" by du Maurier, a tale of romantic adventure in the Cornish moors.

"The World Almanac," a book of facts published by the New York World Telegram; "Shanghai Passage," by Pease, telling of mystery and mystery on the Pacific; "Anthony Adverse" by Allen, a swiftly moving tale of the 18th and 19th centuries, and of journeys from Europe to the West Indies, Africa, and America; "Old Judge Priest" by Cobb, the story of a Kentuckian typical of the old south; "Call it Courage" by Sperry, a story of the South Sea Islands; "White Fang" by London, a novel of an animal part dog, more wolf, who was transformed into an intelligent companion and bodyguard; and "The Log of a Cowboy" by Adams, called one of the finest pieces of literature the cattle country has produced.

### Annual Club Has Pictures Taken for 1942 Yearbook

(By Alice Harvey)  
The Annual club was busy taking pictures for the yearbook Tuesday. Mr. Zellar of Barrington took the pictures.

The following acted as page-keepers: Roman Plamen-till, Alice Denman, Mahel Lou Hunter, Alice Long, Edna Barnstable, Lucina Kuligowski, Geraldine Young, Bill Lukeman and Rudy Knifalk.

Doris Strain and Lura Jean Minto were on the schedule committee.

Fire Marshal and such captains, firefighters, mechanics and engineers as shall from time to time be necessary, as well as members of the department, all of whom are to be appointed by the President, by and with the advice and consent of the Trustees, upon recommendation of the Fire Marshal.

There shall not be more than thirty-five (35) full firemen to be appointed by the President, by and with the advice and consent of the Board of Trustees, upon recommendation of the Fire Marshal.

SECTION 5. COMPENSATION BY VILLAGE. The Village of Antioch shall each year, on or before the first day of May, pay to the Antioch Fire Department, in care of the Treasurer thereof, the sum of \$20,000, and for services rendered to the Village incidental to, but not directly connected with, fire.

SECTION 57. COMPENSATION. The full firemen, including officers heretofore provided for, shall receive as their compensation the sum of One (\$1,000) Dollar per year, plus the further sum of One (\$1,000) Dollar for each hour or part thereof, for every call to a fire which they attend as firemen.

SECTION 2. All ordinances or parts of ordinances in conflict herewith are hereby repealed.

SECTION 3. This ordinance shall be in full force and effect from and after its passage, approval and publication as provided by law.

### Antioch Wins Third Straight Over Ela

#### Dundee Is Opponent in the Regional Tournament at Dundee

By DIZ and DAF

Antioch pushed through Ela's defense Friday night for 16 field goals and 6 free throws to win, 39 to 30. This is Antioch's third straight win, and the boys really showed both a defensive and offensive game. Scoring started with Barnstable making a field goal. During the first quarter three other field goals were contributed by Carpenter, making two, and Fields, making one. Krapp and Knigge of Ela each made a field goal and free throws were tossed in by Knigge and Gleason. The quarter ended 8 to 6, and anybody's ball game.

During the second quarter the score shifted back and forth, and scoring was held down to five points for Antioch and four for Ela. Jim Jones made a field goal, Sterbenz made two free throws and Carpenter one. Ela made one field goal and two free throws, all by Knigge. At the half Antioch was leading 13 to 10.

In the third quarter Ela came forth with two field goals by Knigge, a free throw apiece by Rudy and Ladd and another field goal by Gleason for a total of eight points, while Antioch was held to six points, with Buchta and Sterbenz making a basket each and free throws by Barnstable and Jones.

It looked bad for Antioch as the game went into the last quarter, but the finally found herself and started a rally that ended with 20 points. Buchta made two field goals, Jones one basket, and Barnstable slipped four field goals and one free throw through the net.

Fields and Carpenter also connected for a basket apiece. Ela also found her best scoring in the last period, making a total of 12 points. Field goals were made by Krapp, Knigge, Rudy, Ladd and Gleason. Rudy and Ladd each gave one free throw. It was nip and tuck all the way, and nobody knew who would be on top when the game was over. High scorer for Antioch was Barnstable with a total of 12 points, and Knigge made 13 for Ela. This is Antioch's last game before the tournament, but by watching Coach Wolfmberger's boys shift that ball around Friday night we know they will come through then too.

Antioch will tangle with Dundee in the regional tournament Wednesday night at Dundee.

### Lake County Farmers Are Asked to Boost 1942 Crop Production

Increase in farm production ranging from 4 per cent for milk to 27 per cent for this year's soybean crop is asked of Lake county farmers in a bulletin issued this week by the county USDA War Board.

The announcement states: We wish to announce the 1942 revised production goals and are calling on all Lake County farmers to produce foods that are needed for Americans working and fighting on land, on sea, and in the air, and for our Allies through the Lend-Lease Bill. Farmers are asked to increase their production of milk 4%; pork 18%; eggs 12%, and a 27% increase in the production of soybeans. We are GREATLY IN NEED of this oil producing crop, and therefore Lake county farmers should make every effort to meet the revised soybean goal and to pass it as much as possible. Also, farmers should plant soybeans that are adapted to Lake county climate and are high in oil content.

The AAA Farm program will help farmers through the difficult war period and into the post-war readjustment period, it is explained by Chester A. Faulkner, chairman of the Lake County AAA committee. In view of the need for feed to produce livestock, dairy and poultry products, feed grain prices will be kept at lower levels than other farm prices, according to a Department of Agriculture policy announced recently by Secretary of Agriculture Claude R. Wickard. The Department has adopted this policy to further stimulate livestock production.

Benefits which farmers will derive from compliance with the AAA program will bring grain income to the same income level of other commodities. Grain prices have been stabilized at 85 per cent of parity through the loan system.

For compliance with the 1942 AAA program, farmers can earn payments for staying within wheat and corn allotments and for meeting conservation measures.

Maintaining the AAA program, even though its regulations have been relaxed for 1942, assures farmers of stabilized farm production without waste of soil or human resources, declares Mr. Faulkner.
